Lieshout, 12 April 2011.

Dear Val,

According to our arrangement I send You all the information about my car,
namely the PANTHER J 72, for placing this car on INTERNET for sale.

So:

year of build : according plaque August 1980 by Bruno Eismark
type : Serie II
engine : JAGUAR 4,2 ltr series 3
transmission : Borg & Warner automatic type 66
colour : Gunmetal
chassis-number : 1017
millage : 23.744 km.

The history of the mentioned car:

The car was bought from the receiver of PANTHER WESTWINDS, gone into
receivership at the end of 1980, by the Dutch importer of American Cars
(used and new) named Anton Keizer at Eindhoven

Mr Anton Keizer placed this automobile in his collection of about 50
classic cars for instance Ferrari, Maserati, Alfa Romeo, Lamborgini, Mercedes
190 & 300 SL, Jesen, Aston Martin and he died by an hearth-attack after an
done fast run on the skelter-track of Mike Hezemans in Eindhoven.

So the widow was placed for the enormous task to sell out the collection,
foreseen as a livetime garanty for good income and pleasure live.

The second owner, namely Willy Brutsaert and I bought in 1999 this atomobile
