

Silverstone Classic 2014 26th 28th July 2014

Panther located under the Silverstone.co.uk sign 2013

After last year's success at the Silverstone Classic and by popular request the club has once again registered for the event as an event for 26th 28th July 2014 and as a bonus we have managed to secure places on the parade celebrating 40 years of the De Ville . Would De Ville owners please note the different club reference for booking. **Club code C14060**, **Deville Code C14062**. To book go to www.silverstoneclassic.com and use the club code for the special discount. Last year we had problems getting a local hotel and many found B & B and accommodation close by as booking individually in small numbers was easier than a group booking some camped which they found very enjoyable so we have decide to leave accommodation to individuals own preference. Ray and I stayed in the snooze box which offered every facility although small did the job. The Silverstone website offers a list of local accommodation.

I hope as many of you as possible will support the event which brought us so much publicity and feedback last year. Having the Deville's on the parade will bring great publicity for our cars and I hope all you De Ville owners will come along and take part in this prestigious parade. I look forward to seeing you all there and hopefully we will be offered the same spot as last year right by all the action. For further information visit the Silverstone website or feel free to contact me.
