EDITORS NOTE

As you will read we have a very full programme for our 40th. Anniversary year since Panther production began. Why not make this the year your Panther sees the light of day instead of lurking in a dark room - let others see how its body gleams.

Can I have copy for the next magazine by **March 18th**. When sending copy please title it with Issue 176. Many thanks to all our contributors. If you have something suitable for the next issue, don't be shy, send it to me. You can always use a nom-de-plume.
